"Multiplication & Long-Term Investment"

Years ago Joy and I played an instrumental role in planting the พระแมสพริ Church (SBBC) in

Nonthaburi. They have grown to become a thriving, self-supporting Thai congregation. There are still members who have remained faithful from the start and many new faces.

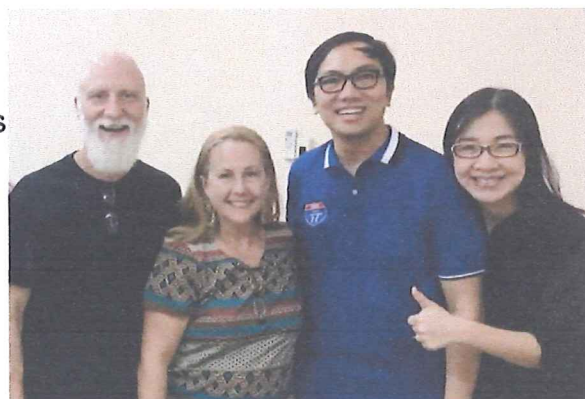

Streams of Blessings Baptist Church

SBBC has a goal to plant 30 new churches in their province. Rather than focusing all of their energy on their own congregation, they want to grow by *multiplication*.

As a confirmation from the Lord, recently the Christian owner of a large factory in Nonthaburi has "donated" a building on his property to be used for a new church plant. With the owner's blessings, we have unlimited access for outreach among the factory employees. What an opportunity!

Many years ago when Pastor Ohm went to the US to receive his master's degree, he actually lived at my mother's house. Here in Thailand, relationship is everything and building relationship takes time.

We praise the Lord for allowing us to continue to serve the Lord here in Thailand for all these years. What a thrill to see the fruit of *long-term, life investments*.

David & Joy with Pastor Ohm & Care

Yours for Thailand
