Ministry partner, please be praying with us for the new church, for God's provision. For now we are meeting under a tree that God will make a provision for at least a canopy to start with. Also pray for the people in the area. It is a mountainous area and may God draw to himself.

Praise report - Please share the testimonies of what God is doing your ministry and/or life.

Where we have started the new church is a new developing area on top of the mountains. The good news is that as we go round sharing the gospel with the few living here, they keep telling us they have been bearing the message from us as we meet. Please join us pray that God will draw them closer to the body and to fellowship. God bless you.

Annual Update

If you are married, please write down your wife's name, along with the names of your children and their dates of birth.

These are the names and birth dates of my family members. i.e. Pastor Joseph Amarkh (myself) 7th Nov. Veronica Amarkh (my wife) 8th May, Carl-Stevens Amarkh (my son) 16th Aug. God has blessed us a second, who is yet to be born in March 2021.

What locality do you currently live in? We are now living at Mensah bar near Dandewa in the Greater Accra region of Ghana.

Describe where you live (How many rooms, what furnishings do you have, do you have electricity and drinkable water?)

We are living in a single room with kitchen and a porch. We have a temporary electricity as we don't have our own metre now. For water we need to buy a polytank (a reservoir) and buy the water into it to use. We don't have it yet because we haven't bought it yet, praying to buy very soon.

Tell us about your ministry at the moment. (Where are you evangelising, the town/village names, what churches have you recently started etc.)

After the pandemic, i.e. the first one, the world has changed and it has affected everything including churches. Nevertheless we are not giving up on our/my calling. So we have moved to this new place at Mensah bar and have started a new church. We have left disciples at the other areas to lead as we also concentrate on this new one. Because of how things have changed, we want to concentrate on this one for some years before moving to other locations. We will and are evangelising towns around this area but the idea is that we will

Write on the other side if you need additional space to answer the questions.

bring all the souls the Lord gives us to this place.
