Spring 2023

*It was a tremendous spring! In all our classes combined, we trained 65 people through our Winning 101 seminars and we saw many people respond during the invitations. We actually had an attendee receive Christ during one of our training sessions, an 82 year old lady named Joan. Her pastor sent me a message that she and 9 others were baptized during their church anniversary service. We also saw two men walk the aisle to receive Christ at Promise Baptist Church in Thomasville, NC with 3 more getting saved during the following Wednesday night service. Their pastor sent me a message informing me of their increased evangelistic efforts since the class and requesting more witnessing materials. The pastor reported that he had also led his mechanic to the Lord the following week. Also, Pastor John Hamilton reported that he and one of the class attendees at his church had recently led a lady to the Lord. God is really blessing us! Thank you for your faithful support which provides us the opportunity to equip and train church members!*
